

AN ASSISTED LIVING COMMUNITY
Assisted Living Facility #12670

Not just another stop. A Destination.

Family Owned & Operated

Buffalo Crossings is independently owned & operated by KR Management, LLC, a family company based in Florida with a philosophy of compassion first.

What this means to you:

- A management team with a hands-on approach to ensure the highest quality resident care.
- A homelike environment with family values at the core.
- A management team that is open to listening to both employees and residents to make necessary improvements and changes.
- Frequent visits from the owners so that the highest standards are being met & exceeded.

Location, location, location!

Nestled on a quiet road, tucked back from the highway, *Buffalo Crossings* is surrounded by beautiful landscaping. Residents can lounge on the front porch with a book while still having a variety of shopping & dining options less than a mile away.

- Optional Access to The Villages' amenities: The choice is yours!
- Close to Lake Sumter Landing: The Villages' waterfront town square.
- Located across the street from The Villages Charter School: Maintaining community ties and involvement.

Physician-Driven Care

We have a variety of medical professionals scheduled to make house calls to our community, including: neurology, wound care, podiatry, dermatology, audiology, & more. Enjoy stress-free scheduling with the convenience of in-house care.

Resident-Centered Approach

Our activity calendar is packed, but there's always room for suggestions. Just ask our residents! Eleanor started our *Getting to Know You* group. Leo initiated our Men's Club. Don started our Texas Hold 'Em group. Ann started a Bible Study.

What group will you start when you make the move to Buffalo Crossings?

ALL-DAY DINING, SPECTACULAR THEMED PARTIES, LARGE APARTMENTS WITH THE OPTION OF A TWO-BEDROOM/TWO-BATHROOM FLOOR PLAN, PET FRIENDLY, yet there's still the Buffalo X factor that we can't quite put into words. Come see for yourself! Call to schedule a personal tour & lunch so we can get better acquainted.

HEALTHCARE & REHABILITATION CENTER

Not just another stop. A Destination.

Healthcare & Rehabilitation Center Located Next Door

Buffalo Crossings Healthcare & Rehabilitation Center is conveniently located on the same campus as *Buffalo Crossings Assisted Living*. With skilled nursing staff to meet your healthcare needs, state-of-the-art equipment, resort-style accommodations and a friendly atmosphere, you'll quickly realize that your road to recovery can be paved in luxury.

Selecting an Assisted Living Community with a Skilled Nursing Facility has many benefits, including:

- *Buffalo Crossings Assisted Living* residents have priority access to the healthcare & rehabilitation center.
- Assisted Living residents have peace of mind, knowing they can remain on our campus if they require skilled nursing or rehab in the future.
- Post-hospital rehabilitation and long-term-care nursing is available to get you back to your highest level of function and independence.
- Physical, occupational and speech language pathology available 7 days a week.
